

Incorporating Outdoor Field Experiences

This tool can be used to evaluate potential sites for Outdoor Field Experiences, including exploring how these sites can support the Issue Definition and Stewardship and Civic Action essential elements.

How will field experiences be used to make observations, collect data, or otherwise help answer the driving/supporting questions?			
How can field experiences be used to explore or implement solutions as part of an action project?			
	Possible Site #1	Possible Site #2	Possible Site #3
Site location and description (school grounds, partner sites, local natural areas)			
What work do the field experiences do for your MWEE (learning objectives, science and engineering practices, etc.)?			
What will the teacher do to facilitate learning?			

<p>If partners are engaged, what is their role?</p>			
Logistical Considerations			
<p>What natural features, facilities, and/or programs are available at the site?</p>			
<p>Cost (transportation, program fees, etc.)</p>			
<p>What permissions need to be secured?</p>
