Tidal Trends in Water Quality:

APPENDIX
Maryland’s Upper Western Shore
2018 Tributary Summary

April 15, 2021
Contents
1. Bottom Total Nitrogen...........................................................................................................A3
2. Bottom Total Phosphorus .....................................................................................................A5
3. Surface Dissolved Inorganic Nitrogen (DIN)........................................................................A7
4. Surface Orthophosphate (PO4)............................................................................................A9
5. Surface Total Suspended Solids (TSS) ................................................................................A11
6. Summer Surface Dissolved Oxygen (DO) ............................................................................A13
7. Surface Water Temperature ...............................................................................................A15
1. Bottom Total Nitrogen

Figure A-1. Bottom total nitrogen trends.
Figure A-2. Bottom total nitrogen data (dots) and average long-term pattern generated from non-flow adjusted GAMs.
2. Bottom Total Phosphorus

Figure A-3. Bottom total phosphorus trends.
Figure A-4. Bottom total phosphorus data (dots) and average long-term pattern generated from non-flow adjusted GAMs.
3. Surface Dissolved Inorganic Nitrogen (DIN)

Figure A-5. Surface DIN trends.
Figure A-6. Surface DIN data (dots) and average long-term pattern generated from non-flow adjusted GAMs.
4. Surface Orthophosphate (PO4)

Figure A-7. Surface orthophosphate trends.
Figure A-8. Surface orthophosphate data (dots) and average long-term pattern generated from non-flow adjusted GAMs.
5. Surface Total Suspended Solids (TSS)

Figure A-9. Surface TSS trends.
Figure A-10. Surface TSS data (dots) and average long-term pattern generated from non-flow adjusted GAMs.
6. Summer Surface Dissolved Oxygen (DO)

Figure A-11. Summer (June-Sept) surface layer DO trends.
Figure A-12. Summer (June-Sept) surface DO data (dots) and summer mean long-term pattern generated from non-flow adjusted GAMs.
7. Surface Water Temperature

Figure A-13. Surface layer water temperature trends.
Figure A-14. Surface water temperature data (dots) and average long-term pattern generated from non-flow adjusted GAMs.
