10:10 AM **Presentation** – EPRI's Ohio River Basin Water Quality Trading Project

Jessica Fox, Senior Technical Executive, Electric Power Research Institute

Electric Power Research Institute (EPRI) and First Climate announced a collaboration that will move credits from [EPRI's Ohio River Basin Water Quality Trading Project](#) to international credit trading markets. This is a unique effort between a water quality project and an environmental asset credit broker to provide access to some of the world's largest environmental credit buyers. See article in [Global Banking and Finance](#).

11:00 AM **Adjourn**
