

## Climate Resiliency Workgroup Conference Call

Monday, April 16, 2018

1:30 PM – 3:30PM

Conference Line: 202-991-0477 code: 9037008

Adobe Connect: <http://epawebconferencing.acms.com/crwg>

Meeting Website:

[https://www.chesapeakebay.net/what/event/climate\\_resiliency\\_workgroup\\_conference\\_call\\_april\\_2018](https://www.chesapeakebay.net/what/event/climate_resiliency_workgroup_conference_call_april_2018)

CBPO Location: 305A

### AGENDA

- 1:30 Welcome, Introductions and Announcements** (Mark Bennett, USGS; Erik Meyers, The Conservation Fund)  
**CBP Announcements:**
- Release of Final STAC Report: [Monitoring and Assessing Impacts of Changes in Weather Patterns and Extreme Events on BMP Siting and Design](#)
  - Approval of STAC Workshop proposal: [Chesapeake Bay Program Climate Change Modeling 2.0](#)
- 1:35 Partner Announcements** (CRWG Members)
- 1:45 Climate Change Indicator Project** (Laurel Abowd, CRC, Peter Tango, USGS)  
**Objective:** Provide an update on the status of the twenty-one draft climate change indicator implementation plans and discuss process to prioritize indicators for future development.  
**Support Materials:**
- [Project Fact Sheet](#)
  - [Indicator Implementation Plan Review Table](#)
  - [Cover Memo for Expert Reviewers](#)
- 2:00 2018 Chesapeake Bay Program Goal Team Funding** (Mark Bennett, USGS)  
**Objective:** GIT Funding Ideas: Goal Team Funding for 2018 will once again become available, with funding for projects within the \$25-\$75k range. Proposals will be due around the end of May. Past projects for the CRWG include the Climate Smart Decision Framework, the Climate Change Indicator Projects, and the CBP Climate Data and Mapping Repository. Ideas were discussed at March's meeting, listed below. Please be prepared to discuss these ideas further, and/or other project ideas for this year's funding.  
March GIT Funding ideas:
- a. A literature review of the counties that have modified their BMPs, a compilation of what's being done with BMPs and adaptation to climate change. This would be national, not just the Chesapeake Bay.
  - b. Climate research relate to HDFC and methane and white carbon in the Chesapeake Bay region since similar research has been done in California
  - c. Climate change and super pollutant reduction with the US Climate Alliance
- 2:30 Preparation for Strategy Review System Presentation** (Mark Bennett, Laurel Abowd)  
The Strategy Review System (SRS) occurs every two years to provide workgroups the opportunity

to look at Outcome progress, as well as identify obstacles and opportunities. The CRWG presents this information to the Management Board on August 9, with a follow-up meeting Sept. 13. Preparation for this meeting includes creating a presentation that includes the progress we have made thus far towards our Outcome, as well as the logic behind our work, the status of our management actions, and which actions have or will play the biggest role in making progress. Support Materials:

- [Draft SRS Quarterly Meeting Logic Table Climate Resiliency from Feb 2018](#)
- [Climate Resiliency Management Strategy](#)
- [A Guide to the Strategy Review System](#)

**3:00 Climate Change and the Chesapeake Bay TMDL Midpoint Assessment** (Mark Bennett, USGS)

**Objective:** Review March 2, 2018 decisions of the CBP Principals' Staff Committee and discuss next steps, including the role of Climate Resiliency Workgroup in further development of the Sample Narrative Template.

**Support Materials:**

- [CBP Climate Change Policy Provisions for Phase III WIPs \(Draft, March 8, 2018\)](#)

**3:15 Wrap Up** (Mark Bennett, USGS)

- Last Call for Content: Chesapeake Resiliency News (April 2018 edition).

**3:30 Adjourn**
