This meeting will be recorded for internal use to assure the accuracy of meeting notes.

AGENDA

10:00 – 10:15 Welcome – Vanessa Van Note (EPA) and Breck Sullivan (USGS)

Announcements –

- Conferences of potential interest:
 - [Joint Aquatic Sciences Meeting](#) - May 14-22, 2022, Grand Rapids, MI.
 - [Chesapeake Community Research Symposium](#) - June 6-8, 2022, Annapolis, MD. (Hybrid: virtual and in-person)
 - [Chesapeake Watershed Forum](#) – November 4-6, 2022, Shepherdstown, WV. [Request for Proposals](#) due June 3, 2022.
- Rappahannock Tributary Summary Update - Mike Lane

10:15 – 10:30 GIT Funding Opportunity – Breck Sullivan

GIT Funding is opening up in early May. While GIT Funding has not been used extensively in the past to support ITAT projects, there is potential for alignment with the tributary summaries. Breck will explain GIT Funding and lead a discussion on how we could weave GIT Funding into the Tributary Summaries work. Potential examples include contractor support for hosting a workshop on the insights on change section, using story maps to communicate tributary summaries, developing a series of webinars targeting local governments, and any remaining tasks that need to be operationalized.

10:30 – 11:15 Draft Outline of Timeline for Updating the Tributary Summaries – Vanessa Van Note

Continuing from the [discussion at previous ITAT meetings about operationalizing the tributary summary updates](#), Vanessa will present a draft outline of the timeline for updating the tributary summaries. ITAT members will be asked to provide feedback on the outline.

11:15 – 12:00 Attainment Deficit Visualizations for Tributary Summaries – Qian Zhang (UMCES)

Qian will solicit feedback from ITAT members on the updated attainment deficit visuals. Qian will ask if ITAT members are supportive of additional efforts to visualize (1) the

attainment deficit over time (with animations) and (2) the attainment deficit trends (with 2-D maps).

12:00

Adjourn

Next Meeting: Wednesday, May 25, 2022
