

AgWG Signatory PA Alternate

Kate Bresaw Bio

Kate is the Agriculture Compliance Section Group Manager in the Chesapeake Bay Program Office of PA DEP. In her previous role as a Water Program Specialist she developed guidance and procedures related to agricultural compliance, inspection, and enforcement. She managed the data generated by PA DEP's agricultural programs and acted as a technical resource for county conservation district and PA DEP program staff. Kate has an undergraduate degree from The Evergreen State College where she focused on Sustainable Agriculture, a graduate degree from North Carolina State University in Extension Education, and a diploma in Geospatial Technologies. She is a certified Nutrient Management Specialist and a certified NRCS Conservation Planner. As a former employee of the Lancaster County Conservation District, she designed and implemented agricultural BMPs, provided planning assistance, performed Nutrient Management status and plan reviews, and completed Chesapeake Bay Ag. Initial Inspections.
