

# Timeline for 2013 - 2017 Land Use Change Review for CAST-21

May – Aug 2021

May 20<sup>th</sup> : LUWG meets to review comments from sector workgroups on the land use change data in CAST and on the CIC's web application.

May 24<sup>th</sup>: WQGIT meets to discuss and decide the following:

- a. The process and schedule for the proposed land use change product through August 23, 2021.
- b. The lists of errors in the land use change product that will be fixed and those that will not be fixed before it is used in CAST.
- c. How the proposed land use change product may be used in CAST-21 and CAST-23 to replace modeled change with measured change and to inform future updates of modeled change through 2025.

Jun 1 – Jun 28<sup>th</sup>: Every Friday, land use change data for counties will be released on the CIC's web application Viewer.

June 28<sup>th</sup>: The WQGIT is updated on the status of the land use change product for 206 counties.

July 14<sup>th</sup>: LUWG decides whether to endorse use of the land use change product as the “best available data” to inform CAST-21.

July 26<sup>th</sup>: The WQGIT is presented with CAST data on 2017 land use conditions (via Tableau) comparing CAST-17d, CAST-19, and CAST-21.

Aug 23<sup>rd</sup>: The WQGIT decides whether to approve use of the land use change data in CAST21.
